Dear Ashley,

This letter is in regards to the 7/15/14 compliance check of your Category B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (You need to upgrade the fire extinguisher in your basement to a size 2A 10BC.)

**110.5(2) A provider file is maintained and contains:**

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (You need to obtain a physician signed statement of health for yourself and your children to be kept on file. These need to be renewed every three years.)

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR. (You need to find your card or obtain new certification in CPR and First Aid.)

**110.5(8) Children's Files**

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. Each file contains: (You need to complete your children's files with the list you made during my visit. Three of the children needed physician signed statements of health and two of the children had no file you could show me.)

☐ 110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number.

☐ 110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name, telephone number, and relationship to the child of another adult available in case of emergency.

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment.

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.

☐ 110.5(8)d For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian.

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually.

☐ 110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical.

☐ 110.5(8)f A list signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.

☐ 110.5(8)g A signed and dated immunization certificate provided by the state department of public health.

☐ 110.5(8)h For each school-age child, record of a physical exam completed at the time of school enrollment or since.

☐ 110.5(8)i Written permission from the parent(s) for their child to attend activities away from the child development home. It must include times of arrival and departure, destination, and person(s) responsible for the child.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations on or before** 9/3/14.

☒ Based on the items out of compliance listed above, you will be required to have a re-check or follow-up visit to your home. This visit will occur on or after 9/3/14.

Please call me if you have any further questions.

Sincerely,
